Mobile car cleaning for businesses

Eco-friendly mobile car washing for corporate fleets, dealerships, and carsharing companies.

On-site cleaning

No need to move the cars – we clean at your company's premises, office building garage at the requested date and time slot.

High quality

The protective coating formed during cleaning makes cars get dirty slower.

Green technology

Our cleaning products biodegrade nearly 100%, leaving no residue. We don't need on-site power or water.

Simple invoicing

We send an electronic consolidated invoice at month-end based on a system-generated report.

Here's how to optimize your company's car cleaning!

1. Request a business quote starting from 3 cars!
2. If you're not familiar with our technology yet, request a demo cleaning!
3. After aligning on requirements, we sign a fleet framework agreement.
4. We can clean 3-15 cars per visit.
5. We send an electronic consolidated invoice for the monthly cleanings.

Watch on YouTube

Copy link

A smartphone displays the cleenUp app interface, showing a map with a location pin and a checkmark.

Request a demo cleaning!

Interested in the technology but haven't had a chance to try it personally? Our team is happy to provide a demo on a car of your choice at your company premises at the desired time.
